Independence

We just celebrated Independence Day, July 4th, as many people had rather refer to the holiday. Over 200 years ago, America became an independent nation that is known today as the longest running Constitutional Republic in the history of the world. With this independence, we gained liberty and freedom, rights that many other nations have yet to realize. But what foundation did this country gain independence upon?

The Constitution of the United States is based upon Christian principles, the very principles that so many want to be independent from today. It is no accident that our country realizes longtime success as a Constitutional Republic, so what is going to happen when these principles are erased? When God is erased from schools, capital buildings, and even our homes?

We're already beginning to see the negative impact of a Godless nation. Children in Godless homes are oftentimes not respectful of others or property, they sometimes grow up without morals or ethical values and become criminals. Road rage is worse than it's ever been in the history of our country. People are driving angry and dangerously, many had rather run into you than yield. The rights of the one race or agenda is much more important than the welfare of another. This is not what Christ taught. Christ teaches to love one another, not hate each other. ***Let no debt remain outstanding, except the continuing debt to love one another, for whoever loves others has fulfilled the law. Romans 13:8***

As Christians, it is our duty to make every attempt to prevent people from trying to become independent of Christ. Reach out to someone this week. Be kind on the roadways. Help a child find God in this immoral world. For these are some of the important Christian principles that Christ teaches.
